**NIA-statement – not intentionally added**

Dear Customer,

Honeywell Performance Materials & Technologies has reviewed the manufacturing process and materials used in the production of the products (see attached list) and can confirm that the final product, as delivered, in its fresh and unused form, does not contain one of the substances listed below:

- **PFAS (Per- and polyfluoroalkyl substance)**
- **PFOS (Perfluorooctanesulfonic acid)**

However, please note that we do not carry out any specific tests in order to detect the presence of these substances in our products.

Should you have any questions, or require additional information, please do not hesitate to contact us.

Sincerely yours,

PMT EMEAI Product Stewardship  
PMTPSCustomerCare@honeywell.com
